

Recommended System Designs

GTO C-12

Long-throw line array element

[•-] sound vision.

GTO C-12 Recommended System Designs
Version: 0340
Release date: 2025/01/12
© Outline 2025. All rights reserved.

Refer all servicing to qualified personnel, through your Outline dealer.

System description.

PRODUCT DESCRIPTION: GTO C-12 develops the high transducer density concept pioneered by GTO by packing eight drive units into a remarkably compact cabinet, containing two 12" low frequency drivers, four 6.5" midrange units and two 3"-throat compression drivers, mounted on the same award-winning DPRWG waveguide found in its big brother.

KITS DESCRIPTION: These configurations ensure the best ratio between loudspeakers & amplifiers quantity, thus becoming an excellent investment with a fast economic return. They also guarantee an optimal combination between different kits of different product families (e.g. GTO kits & Mantas 28 kits), facilitating the cooperation within the Outline Rental Network thanks to the plug & play solutions.

GTO C-12 SILVER CONFIGURATION

Minimum configuration suitable to reinforce a 6.000 to 9.000 people audience area, with high size/power ratio. Perfect matching with all GTO kits for delay and outfill applications.

GTO C-12 GOLDEN CONFIGURATION

Complete solution suitable to reinforce a 8.000 to 11.000 people audience area. Perfect matching with all GTO kits for delay and outfill applications.

GTO C-12 PLATINUM CONFIGURATION

Complete solution to reinforce a 10.000 to 15.000 people audience area, with extreme long-throw capabilities for high "headroom demanding" applications. Perfect matching with all GTO kits for delay and outfill applications.

	GTO C-12	DBS 18-2	GTO-SUB	MANTAS 28	RACK A	RACK B	NEWTON

GTO C-12 Silver Configuration.

01GTO-C12	3-way DPRWG line array enclosure: 2×12" LF + 4×6,5" MF + 2×3" HF diaphragm	18
01DBS18-2UF	Hight power ground-stackable subwoofer: 2 × 18"	12
01MANTAS-28	2-way DPRWG line-array enclosure: 2 × 8" LF + 3" HF diaphragm	8
A FRM-GTO-LW	Lightweight flying frame for GTO or C-12 or GTO-SUB	2
A LK18MF-25	LK18 speaker cable (male/female): 8 × 4 mm ² length 25 m	6
A LK18MF-0.9	LK18 speaker cable (male/female): 8 × 4 mm ² length 0.9 m	12
V SP4LK18-12	LK18/4 x NL4 Y split cable, length 12 m	4
V SP4LK18-15	LK18/4 x NL4 Y split cable, length 15 m	2
U SSVNL4MM	NL4/NL4 adapter	2
A SPK4X4-10	NL4 speaker cable, 4 × 4 mm ² , length 10 m	2
A SPK4X2.5-0.7	NL4 speaker cable, 4 × 2.5 mm ² , length 2,2 m	4
RACK B	10U touring rack with 3 GTA-Otto amplifier*	2
A TROLLEY-11	Touring cart for up to 3x GTO or 4x C-12 or 3x GTO-SUB	6
A SCAP-3GTOC12	Protective cover for 3 GTO C-12 on cart	6
A TROLLEY-16	Touring cart for 2 FRM-GTO-LW	1
A SCAP-TR16	Protective cover for 2 FRM-GTO-LW on cart	1
A TROLLEY-13	Touring cart/front panel for DBS18-2	12
A SCAP-DBS18-2	Protective cover for 2 DBS18-2 on cart	12
A FCASE-M28-2P	Flight case for 2 Mantas28	4
NEWTON RACK	4U touring rack with 1 Newton 16+18*	1
2 LAV-LN.EDU	On site Line-Array Training (2 days)	1

* More details @ the end of the document.

GTO C-12 Silver+ Configuration.

GTO C-12 Golden Configuration.

01GTO-C12	3-way DPRWG line array enclosure: 2×12" LF + 4×6,5" MF + 2×3" HF diaphragm	24
01DBS18-2UF	Hight power ground-stackable subwoofer: 2 × 18"	16
01MANTAS-28	2-way DPRWG line-array enclosure: 2 × 8" LF + 3" HF diaphragm	18
A FRM-GTO2	Heavy-duty flying frame for GTO or C-12 or GTO-SUB	2
A DWNFLT2-GTO	Down-fill adaptor frame to rig up to 5 mantas28 under GTO/C-12 enclosures	2
A LK18MF-25	LK18 speaker cable (male/female): 8 × 4 mm ² length 25 m	8
A LK18MF-0.9	LK18 speaker cable (male/female): 8 × 4 mm ² length 0.9 m	16
V SP4LK18-12	LK18/4 x NL4 Y split speaker cable, length 12 m	4
V SP2LK18-15	LK18/4 x NL4 Y split speaker cable, length 15 m	2
V SP2LK18-25	LK18/4 x NL4 Y split speaker cable, length 25 m	2
U SSVNL4MM	NL4/NL4 adapter	2
A SPK4X4-10	NL4 speaker cable, 4 × 4mm ² , length 10 m	4
A SPK4X2.5-0.7	NL4 speaker cable, 4 × 2.5 mm ² , length 0.7m	10
RACK B	10U touring rack with 3 GTA-Otto amplifier*	2
RACK A	4U touring rack with 1 GTA-Otto amplifier*	2
A TROLLEY-11	Touring cart for GTO & C-12	8
A SCAP-3GTOC12	Protective cover for 3 GTO C-12 on cart	8
A FC-FRMGTO	Flight case for FRM-GTO2	2
A TROLLEY-13	Touring cart/front panel for DBS18-2	16
A SCAP-DBS18-2	Protective cover for 2 DBS18-2 on cart	16
A FCASE-M28-3P	Flight case for 3 Mantas28	6
NEWTON RACK	4U touring rack with 1 Newton 6+18*	1
2 LAV-LN.EDU	On site Line-Array Training (2 days)	1
